

END OF THE OBSTETRICIANS' ANNUAL CONVENTION

Obstetricians and Gynecologists Discuss Peritonitis.

CASES REQUIRING OPERATION

Drs. Murphy, of Chicago; Hull, of Cincinnati, and Davis, of Birmingham, Refer to Interesting Cases—Morning and Afternoon Sessions.

The fifteenth annual convention of the American Association of Obstetricians and Gynecologists, which has been in session at the Raleigh Hotel since Tuesday morning, will close this afternoon. The next annual meeting will be held in Chicago on the last Tuesday in September, 1903.

The sessions have been productive of much discussion and consequent elucidation. This morning's meeting was partially devoted to the discussion of tubercular peritonitis. Some of the physicians preferred to call it peritoneal tuberculosis.

As Dangerous as It Sounds.

A layman could very readily gather from the discussion that the disease is just as dangerous as it sounds pronounced in either manner, although his understanding might miss connection with many of the finer points of the discussion.

Dr. John B. Murphy, of Chicago, and Dr. R. B. Hull, of Cincinnati, read reports of a number of cases which have come under their observation. Dr. W. E. Davis, of Birmingham, spoke of the cases of peritonitis which recover after an operation. Dr. L. H. Dunning, of Indianapolis, followed him with a summary report of sixty-two cases of carcinoma of the cervix uteri, arguing the desirability of early operations in this disease. Dr. Willis Westmoreland, of Atlanta, also read a paper on carcinoma.

End of Morning Session.

Dr. Henry Howitt, of Guelph, read the closing paper of the morning session on the surgical treatment of perforated gastric ulcer in cases where the peritoneal cavity suffers from general infection.

At 1 o'clock a recess was taken. When the body reconvened at 2:30 this afternoon Dr. A. Vander Veer, of Albany, took the floor and read a paper on gastroenteritis. He will be followed by five other physicians. The convention will probably close at a close about 6 o'clock this evening.

INVESTIGATING RABBI JOSEPH FUNERAL RIOT

Charges Against Police Officers to Be Pressed.

New York's Mayor Appears Determined to Have Alleged Outrages Thoroughly Sifted.

NEW YORK, Sept. 18.—Police Sergeant James Brady, one of the men accused by Mayor Low of neglect of duty in connection with Rabbi Joseph's funeral riots, filed his application for retirement at police headquarters this morning.

Police Commissioner Partridge was not prepared to make much comment this morning on Mayor Low's action in proposing to the police department about the Jewish riots and ordering charges to be made against police officers. It was evident enough, however, that the police commissioner had been doing some deep thinking over the turn affairs had taken for the last few days at all at it before leaving his house for police headquarters.

The mayor, acting upon the report of his committee of investigation, had sent a letter to the commissioner in which he ordered that charges be preferred against Inspector Cress, Captain Herlihy, and Captain Albertson in connection with the Rabbi Joseph funeral riots and that they be pressed to trial without delay.

POTOMAC BOAT CLUB EIGHT IN TRAINING

The Potomac Boat Club is hard at work with the purpose of making a bid for honors during the coming Potomac River regatta. News has been received from Baltimore, Philadelphia, and New York, that "eights" there are in hard training for the regatta contests, and the locals are determined to give them a long, hard pull for the "eight" prize.

Already five of the intermediate have been chosen. They are Messrs. Maize, Britt, Daly, Moses, and Young. Messrs. Daly and Hecox are getting in shape for the "single" contests, under the management of Coach Dempsey.

Miss Elizabeth Padgett, formerly of Virginia, and Mr. Milton Riley, son of Mr. Eli Riley, of Tenleytown, were quietly married last night at the residence of Mr. L. E. Shoemaker, on Wisconsin Avenue, Tenleytown. The ceremony was performed by Rev. Dr. H. E. R. Reck, pastor of Eldbrooke M. E. Church. Miss Florence Brooke acted as bridesmaid while Mr. Edward Riley, brother of the groom, was best man. After the ceremony a reception was held.

FARMVILLE ENJOYS ROMANTIC MARRIAGE

Ceremony Performed by Minister in the Opera House.

FARMVILLE, Va., Sept. 18.—A romantic marriage was solemnized here last evening in the opera house, the parties being Miss Ruth Ford and Mr. Samuel W. Coleman.

The couple came to Farmville on the early train, and after considerable trouble in obtaining a license, the girl being under age, they were married in the opera house, it being the most convenient place to the clerk's office.

TANGLED CONDITIONS AMONG THE STRIKERS

Victory in Chicago Packing-House District.

Wool Pullers, Cellar Men, Girl Crackers, Packers, and Coal Teamsters in an Unsettled State.

CHICAGO, Sept. 18.—Union labor has won another victory in the packing-house district. Swift & Co. have agreed not to discriminate against members of the organization in future in the employment of the men.

A conference on the scale will be held today or tomorrow.

The wool pullers who struck because of alleged discrimination against them, were joined by the cellar men, thereby locking out the remainder of the employees of the wool house, about 200, and closing the building.

One hundred and seventy girl cracker packers at the Bremmer bakery, branch of the National Biscuit Company, went out on strike Wednesday. The striking girls at once picketed the Bremmer factory and then appealed to the teamsters who came with coal and flour. This aroused the gallantry of the drivers and they are talking of aiding the girls if the strike cannot be adjusted. The girls object to the piece plan of payment.

BURNED TO DEATH IN A STRAW STACK

Two Boys Cremated in Presence of Their Father.

FRANKFORT, Ind., Sept. 18.—Late yesterday evening two young sons of George Trobaugh, a farmer, were burned to death in a straw stack. There was a hole in the stack caused by the straw having been piled over two fallen trees and the boys are supposed to have gone into the hole and started the fire. They were unable to escape and their bodies were almost totally consumed.

Trobaugh was at work a short distance away when he saw the fire break out and ran back to the stack. He could see the children back in the roaring furnace, but was driven back by the terrible heat and was seriously burned in his efforts to save them. When the fire had exhausted itself the bodies were found to be bereft of heads and limbs.

ANOTHER COMPANY AT STRIKE SCENE

Rioters Quieted on the Hudson Valley Railway.

GLENS FALLS, N. Y., Sept. 18.—Company A, Captain Dennis, of Whitehall, has been ordered out to join Company K, and arrived at Glens Falls this morning. All is now quiet in the strike of the Hudson Valley Railway Company's employees.

A riot occurred in the vicinity of the power station last evening. Several arrests were made by the police. The riot was caused by the fact that the power station was being used by the strike sympathizers. The rioters were easily dispersed by the police.

The body was turned over to an undertaker, and this afternoon it was interred in Congressional Cemetery. Coroner Nevitt issued the necessary papers in the case.

MITCHELL DECLARES SITUATION UNCHANGED

Knows of No Plans for Strike Settlement.

Operators Say Their Position is Unaltered and Men Can Return to Work of Their Own Accord.

WILKESBARRE, Pa., Sept. 18.—This morning President Mitchell was asked regarding the new crop of rumors. "I know nothing at all about any plan for a settlement of the strike. The situation remains exactly the same," he said.

Operators made their stereotyped answer: "The position of the operators is unchanged. No concessions will be offered, and the strike will end when the men return to work of their own accord."

In Scranton it is stated that the strike will be over next week. In this city it is declared that the Citizens' Alliance has a measure which will be immediately submitted to the governor, and which will force the operators to make terms.

In Hazleton an attorney has a bill which will give the State the right to seize the mines and appoint a receiver, and in Shamokin there is the report that all the companies are to combine in offering a 10 per cent increase. Thus in all the parts of the region there is again what has so often been referred to as "the gleam of hope."

These rumors have resulted in the last month or more in holding the strikers together, and each week they have built upon what the week will bring forth.

Safe From Summer Complaints

All mammas, and papas too for that matter, dread the heat of summer with its danger for the little folks, especially the babies. It is simply heart-breaking to read year after year about the great death rate among children caused by the summer's heat. Yet it is easy to protect the infants against all summer complaints, because we know that all these fearful perils have their beginning in stomach and bowel troubles, and we have a perfect family medicine that will keep the delicate machinery in a child's body clean, regular and in healthy working order in the hottest weather—CASCARETS Candy Cathartic. The plump, bouncing, crowing baby shown here is a CASCARET baby. He feels that way winter and summer. Nursing mammas take a CASCARET at bedtime, and it makes their mother's milk mildly purgative and keeps the baby just right. Older children like to take the fragrant, sweet little candy tablet, and are safe from colic, gripes, diarrhoea, summer rash, prickly heat and all the mean troubles that summer brings with it.

Best for the Bowels. All druggists, 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C. C. C. Guaranteed to cure or your money back. Sample and booklet free. Address: Sterling Remedy Co., Chicago or New York.
